

5/14/14 - Duluth, GA

The national association of telecommunication professionals (ATP) presented SPSU ECET department the scholarship award of \$5000 on May 15, 2014. This was the proceeds from the ATP annual golf tournament held this year at the St. Ives country club. A strong reinforcement of ATP continued support of the ECET Telecommunications program. Dr. Ron Dempsey (SPSU VP Advancement) along with ECET members (pic below) attended the event and had a great time (smiles).
