Handson Exercise 7: Basic Twitter Scrape

Using a key word(s) from your R Day project, execute the following:

✓ A simple scrape and word cloud.
✓ A geo-tagged scrape hitting at least 3 different locations. Report the top 5 terms by location. Create separate word clouds.
✓ Provide a brief written interpretation of what you found in the context of your project and submit it by Tuesday (11/15) for 1-5 extra points on your Final Project.
